PJSC Cherkizovo Group ranks as Russia's top feed producer

Moscow, Russia - 6 April 2016 - Cherkizovo Group (LSE: CHE; MOEX: GCHE), the largest vertically integrated meat and feed producer in Russia, now ranks first among Russia's leading feed producers.

The rating was prepared by Agroiinvestor magazine after conducting market research on the top 15 Russian feed producers of 2015. Cherkizovo Group took the top position, growing 1,495 thousand tons of feed in 2015, which was primarily produced for its own use. The gap between first and second, and second and third place, was over 150,000 and 200,000 tons, respectively.

Cherkizovo Group's feed production grew by 9.4% in 2015. The launch of the Voronezh Feed Mill, one of the biggest in Russia with a capacity of 500,000 tons, was the core driver behind the growth. Today, the Company operates 9 feed mills with total production capacity of 2,530 thousand tons and is fully self-sufficient, covering the needs of its poultry and pork segments. Cherkizovo Group uses state-of-the-art production technology that allows it to manage cost control and achieve the highest level of quality and bio safety of its finished product.

In 2016, Cherkizovo plans to produce 1,673 thousand tons of feed once the manufacturing sites in the Lipetsk and Voronezh regions start operating at full capacity. In addition, the Company plans to become more self-sufficient in grain, reaching 35% by end of 2016, up from 26% in 2015.
